

## LEAF PICKUP BEGINS OCTOBER 30<sup>TH</sup>

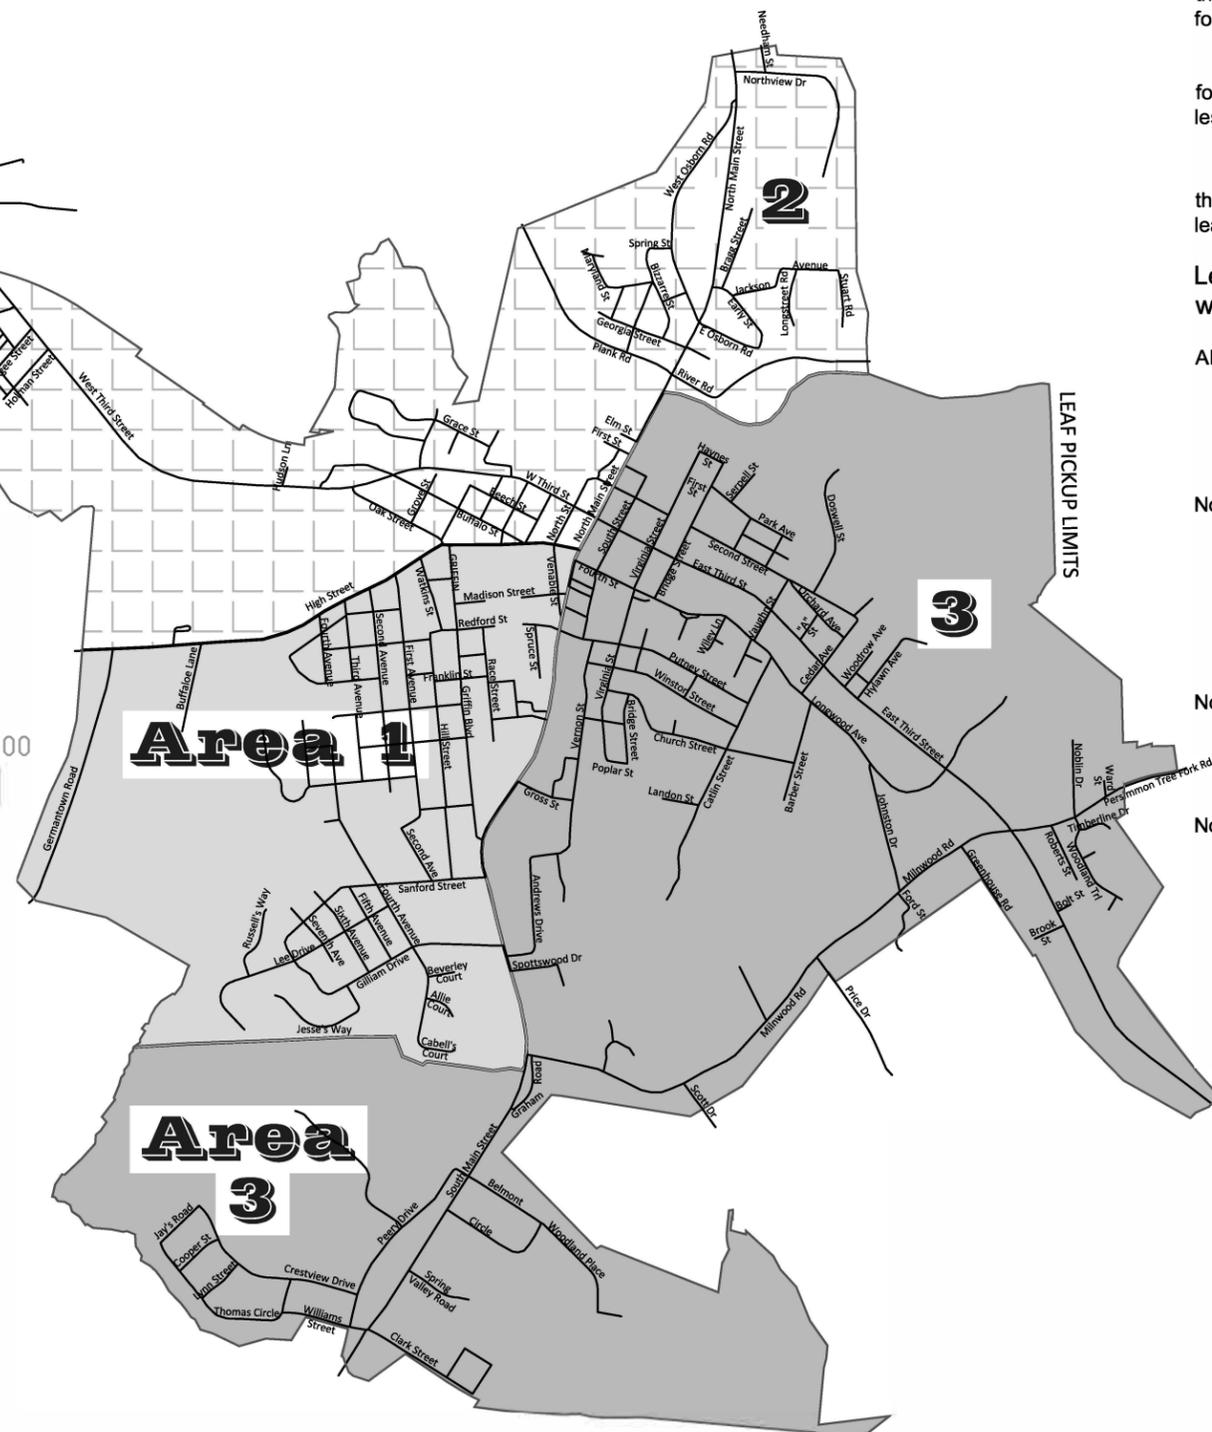

Starting Wednesday, October 30<sup>th</sup> and running through December 20<sup>th</sup>, the Town of Farmville will operate its vacuum service leaf collection. Before and after these dates, leaves must be bagged and called in for regular Monday pickups. The first week, October 30<sup>th</sup> - November 8<sup>th</sup>, the vacuum truck will do spot pickup. The whole town should be covered during the spot pickup period. Starting with the week of November 12<sup>th</sup> - 15<sup>th</sup>, Area 1 will be the focus of pickup. Area 2 will be November 18<sup>th</sup> - 22<sup>nd</sup> and Area 3 is November 25<sup>th</sup> - December 3<sup>rd</sup>. December 4<sup>th</sup> - 20<sup>th</sup> will consist of spot pickup to cover town as needed.

Leaves must be out by 7:30 a.m. on the first scheduled day of your collection week. Rake your leaves to the curb or to property line near your street. Do not rake leaves into the street! Keep leaf piles clear of drainage ditches, pipes and culverts. If you need leaves for composting to help nourish your plants or garden, the town will deliver leaves to you on a first-call, first-serve basis. Keep all rocks, branches and twigs out of your leaf piles, as they will damage the equipment. Hazardous debris must be removed from piles before leaves will be picked up. Your cooperation in properly preparing leaves for collection will help us do our best to serve you. \*Because of hazards of public safety and to our environment, state law prohibits leaf burning.
